A LEGACY OF INNOVATION

GEHL

IN 1859, AN AGRICULTURAL IMPLEMENT COMPANY, HOUSED IN A **BLACKSMITH SHOP, WAS STARTED IN** WEST BEND, WISCONSIN.

FROM THESE HUMBLE BEGINNINGS. THE GEHL BRAND HAS BECOME A MAJOR FORCE IN THE COMPACT EQUIPMENT INDUSTRY WORLDWIDE.

Since the beginning, Gehl has focused on providing solutions to our customer's needs by building quality, reliable products. With a long history of reliability and innovation, Gehl is responsive to the equipment and service needs of our customers.

With modern compact equipment manufacturing facilities in Yankton and Madison, South Dakota, and a state-of-the-art research and design facility in West Bend, Wisconsin, Gehl ensures that they are equipped with the finest in technology, tools and materials. And our top corps of engineers are skilled in designing and enhancing high-quality machines to fit the specific needs of our customers. Our equipment is modern in design and performance, but not too complicated to operate or service.

When you purchase a piece of Gehl equipment, you have an entire organization behind you and your business. When you need support, whether it be financing, parts or service, know that Gehl will be there to provide an exceptional experience. We continually strive to preserve the level of personalized attention that Gehl began with in 1859.

DRIVEN TOWARDS EXCELLENCE

CONTINUOUSLY STRIVING TO GO BEYOND MARKET EXPECTATIONS.

Paired with performance features, ergonomics, a multitude of attachments and over 45 years of skid loader engineering, Gehl proudly offers ten skid loader models that fit the needs of every user.

skid loaders - COMPLETE RANGE

LIFT ARM

RADIAL-LIFT and VERTICAL-LIFT

TWO DESIGNS - ENDLESS POSSIBILITIES

VERTICAL-LIFT DESIGN Providing more reach at full lift height is optimal for applications that require loading and stacking at high heights. By keeping the load closer to the machine, lift capacities are increased over radial-lift models.

With two lifting options Gehl gives you the flexibility to match the right machine to your needs. Radial lift machines are SINGLE-PLANE LIFT ARM best suited when the majority of work Design features large diameter pivot pins performed is below eye level. Vertical lift aligned in a single plane for best-in-class machines are ideal for lifting and dumpvertical/lateral strength and rigidity. ing at greater heights. **POWERVIEW® BOOM** GEHL **RADIAL-LIFT DESIGN** Low-profile boom design offers Offers enhanced performance in optimal side-to-side visibility. excavating, grading and digging below grade applications. Due to the radial lift path, the maximum reach is 2731 greater at the middle of the lift height. mm) **DURABLE BUILD o** 4.5" (114 mm) wide lift arm 123" (3124 m GEH construction delivers superior GEHI EXEO strength and rigidity. X-TYPE (V270 GEN:2/ V330 GEN:2) Upper-rear channel support welded to the top and between the load arms provides added **EXCELLENT FORWARD REACH** The Gehl radial-lift skid loaders provide excellent forward reach at the middle of the lift path. This provides excellent performance for loading Carrier Carrier > GEHL R135 flatbed trucks, backfilling or dumping over a wall. THE STATE OF AN AND A MA

CUSTOMIZE YOUR RIDE.

Gehl offers a variety of accessories and upgrades that can be easily added to new or used equipment. These can help enhance an existing unit or customize one for a particular job. Whether you are looking to add a counterweight, boost your hydraulics, or enclose a cab to add heat and air conditioning, Gehl has the options you need to craft your ideal ride.

Trust the experts. Make the *right* choice.

You expect year-to-year productivity from your Gehl equipment. That's why your trained and accredited Gehl dealer offers you the experience and skill necessary to maximize your equipment's performance. From routine maintenance to XPRT Genuine Parts to XPRT Protection Plan, your Gehl dealer is a partner you can count on to keep your equipment running smoothly.

PROTECT YOUR INVESTMENT.

ROUTINE Maintenance

(PR)

Eliminate unexpected repair costs and take better care of your Gehl equipment with the XPRT Protection Plan[®]. It ensures repairs will be made quickly with manufacturer-approved XPRT genuine parts by trained mechanics. If you're interested in saving money over the long haul, the XPRT Protection Plan® is an investment you should consider.

Features include:

- Affordable options available to meet your needs
- Select either powertrain component or full machine coverage for the right kind of protection for your equipment
- You decide the number of years and hours of coverage needed
- Enroll in the Plan on the day you purchase eligible equipment, or any time within six months or 500 hours from equipment registration

- A Overall width is dependent upon the amount of wheel offset
- B Per SAE J818, SAE J732, and ISO 14397
- C Weight of base unit with standard equipment, standard tires (heavy-duty flotation), standard dirt-construction bucket and 175 lb. (79 kg) operator.

FEATURES

skid loaders - COMPLETE RANGE

line o up by	authorized dealers offer a full of compact equipment, backed of exceptional sales, service oarts experience.

Gehl Company reminds users to read and understand the operator's manual before operating any equipment. Also, make sure all safety devices and shields are in place and functioning properly.

Gehl reserves the right to add improvements or make changes in specifications at any time without notice or obligation.

 ¹ Adjustable control towers and armrests available on joystick and hand/foot control configurations only.
² Foot throttle on hand control units only.
³ Hydraglide[™] Ride Control is standard with pilot controls and optional with T-Bar controls.
⁴ Self-leveling hydraulic lift action is not selectable on model R105.

West Bend, WI 53095 U.S.A. Tel: 262-334-9461 | Fax: 262-338-7517
